<https://mahadirazib.com>

This is Mahadi Razib. I am a Software Engineer with over 2 years of experience specializing in React, Laravel, and Node.js. My prior background in 2D/3D animation and motion design gives me a strong UI/UX perspective, allowing me to build visually polished and functional web applications. I am currently focused on leveraging AI tools to optimize my workflow, increase development efficiency, and deliver high-quality solutions.

Work experiences:

"Software Engineer" in "Codes Break" (Feb 2025 - present)

- Worked on existing projects and fixed over 10 critical bugs and 30+ minor bugs.
- Handled solo projects with frontend in react and backend in Laravel differently.
- Speed optimized up to 60%.
- Implement complex business logic such as Multi level data fetching with a single query.
- Developed 15+ custom wordpress plugins.

"Jr. Developer" in "SoftTech" (Jun 2024 - Jan 2025)

- Enhanced software design and development workflow by writing 1,000+ lines of code, and elevating system performance by approximately 15%.
- Refactoring and restructuring existing code while preserving original business logic.
- Integrating multiple systems with proper data mapping.
- Fixing bugs and reforming broken codes.

Projects:

Full Stack Web Application:

- **Inventory Management:**

- Full inventory management with a multi layer shop.
- Full Hrm management with auto salary calculation.
- Scalable system that works just fine with billions of records.
- Tech Stack: Node.js(Backend), React.js(Frontend), PostgreSQL(Database)

See live: <https://inv.mahadirazib.com>

- **Quiz Platform:**

- Public and Private Quizzes. Multiple types of questions.
- If time ends then automatically submit the form with current answers.
- Fully functional dashboard to see and control users, exams, reports and many more.

Computer Application:

- **Bulk Watermark Apply:**

- Apply watermark to all of the images that hold a folder.
- Easy interface.
- Users can select their suitable position for the watermark like top-left or bottom-right.
- **An executable(.exe) file is present in the github.**

Professional Skills:

Front-end Development:

1. HTML & CSS
2. JavaScript
3. Bootstrap
4. Tailwind CSS
5. React.js

Back-end Development:

1. PHP (Laravel)
2. Node.js
3. Wordpress
4. Python - Django
5. Relational Databases (MySQL, PostgreSQL)

Other Skills:

1. Problem Solving
2. Browser extension (basic)
3. 3D design and animation

Educational Qualification:

"B.Sc. in Computer science and engineering"

Institute: Uttara University
Avg CGPA: 3.60
Passing year: 2024

"Higher Secondary & Secondary School Certificate"

Institute: Tamirul Millat Kamil Madrasah Tongi.
GPA: 5.00

Reference:

Musfikur Rahman

Network Engineer
Bangladesh Data Center Company Ltd (BDCCL)

Md. Shah Jamal

Technical Lead
W3 Soft Net
